Bank Note Protection.

A new plan to prevent Fraud by the Alteration of Bank Notes from low to higher denominations.

The Notes are divided into two classes

CLASS FIRST embraces the denominations of *one two three four and five dollars* These are distinguished by strips at the *right* ends of the notes, composed of *geometric lathe work* and running towards the centre the number of strips corresponding with the amounts of the notes Thus one strip for one dollar two strips for two dollars and so on, and upon the centre of these strips a large figure readily seen designates the denomination of each note In this class of notes there are no borders on the *left* ends—which are occupied by vignettes and other work The President's name will be placed under and near the *right* end strip work on all notes of this class and that of the Register or some other name above it thus protecting the strip work from alteration—no place being left for adding another strip either above or below the signatures

CLASS SECOND embraces the denominations of *ten twenty fifty one hundred and five hundred dollars* On these the whole arrangement is reversed The strips of lathe work (different from those used upon the other class of notes) commence at the *left* ends and run towards the centre the vignettes and other work being upon the *right* On this class the Cashier's name is placed under the strip work and that of the Register directly over it these names being separated by one strip on a ten dollar note, by two on a twenty three on a fifty four on a hundred and by five strips upon a five hundred dollar note *presenting a perfect contrast between the two classes of notes*

Any person acquainted with the plan, could not be deceived by any alteration of any one of these notes in either class from one denomination to another The plan is a simple one and is comprehended almost at a glance for upon examination of the notes, for although so many lines are required to describe it in words the practical description is very short and easily understood when remembered. The inventor JAMES SAWYER Esq of New Haven Conn has secured his invention by caveat, entered at the Patent Office it Washington and is now in arrangement with DANFORTH WRIGHT & CO, exclusively for its use upon Bank Notes

Besides the protection against the *alteration* of the denominations of Bank Notes afforded to banks and the public by this plan a very great security against *counterfeiting* is also afforded by the free use of the *geometric lathe work* of which the borders are composed and which cannot be successfully imitated either with any other *machine* or with the *graver*

WILBOR'S COMPOUND OF PURE COD LIVER OIL AND LIME.

A CURE FOR CONSUMPTION COUGHS COLDS ASTHMA BRONCHITIS GENERAL DEBILITY AND ALL SCROFULOUS HUMORS

THE Principle has succeeded (from directions of Professor Stowe) in combining the Oil and Lime so perfectly that the taste of the Oil which has rendered it nauseous to all is entirely overcome and it can be taken by the most delicate with as much pleasure And as regards the benefit it is intended to effect the clear oil the following cases by Professor Stowe is sufficient to convince the most skeptical The young lady was twenty four years of age

Her disease was one of unmixed phthisis which had been expected to term sate in the course of a few months The upper part of both her lungs were filled with tubercles, and in some places were begun to soften The case was evident by a balone The treatment of Cod Liver Oil was at first used but without marked improvement The Principle of Lime was then administered with the oil and the result as in the case of many others was soon apparent The patient was rapidly getting well

CAUTION—On account of the great reputation of this Compound for all Lung complaints the subscriber would caution the afflicted against using any except that manufactured by him as he is the only people in the United States for combining the pure Oil with Lime in a proper manner There fore as you value your health purchase none except that manufactured by

Further particulars of the late Accident

The railroad accident at Norwalk, Conn, on Friday last, is one of the most appalling that has ever occurred in this country It appears that the express train from New York in the forenoon, was precipitated into the river at Norwalk, in consequence of the draw of the bridge being left open, and in a moment *fifty one lives* were sacrificed, by the gross carelessness of those whose business it was to see that the bridge was safe. The engine and tender, the baggage car, and two passenger cars, were pitched into the water, nearly filling up the space; and the third car, being the last, pitched over (the forward end resting upon those which had preceded it) and broke nearly in the center, leaving the rear parts on the track

If carelessness like this is to be added to the dangers from railroad traveling, who will dare venture abroad?

It appears that the draw had been opened to permit the steamer Pacific to pass through, and she had just cleared the bridge, when the train was hurled in the waves she had just parted If the steamboat had been one moment later, the dreadful list of the dead would have been greatly increased by those on board the boat.

The steamer which had just passed through the draw, put back, and all hands on board of her rendered all the aid in their power

We have already given such accounts of this melancholy disaster as had reached us by telegraph The following list of the dead we reprint

Miss Mitchell, of Hartford

Walter French, of Manchester, N H
Norman Parker, of Woodbury, Ct
An old lady, unknown; and two others not recognized

There are probably ten or more dead bodies in the creek

The Boston Journal states that the scene at the Depot on the arrival of the New York trains, was painful It being reported that the train which had sustained the accident would arrive between 11 and 12 o clock, a large crowd of anxious relatives and friends had assembled in the Boston Depot, to rejoice over the escape of their friends, or to obtain a confirmation of their fears

The reunion of friends was affecting in the extreme, while the sad countenances of those who hoped against hope, were painful to behold The presence of the coffins containing the bodies of Mr Sayles and Miss Bacon added to the solemnity of the occasion, and there were none present who did not sympathise deeply with those who mourned.

The general anxiety to obtain intelligence from the disaster, was kindly met by those who could impart information, and as soon as the melancholy story had been told to an eager crowd, the same was reported to another quickly gathered groupe

☞ The election of Philip Allen of Providence, the present Govenor of the State, to the United States Senate for six years, makes the entire Congressional delegation of the State democratic But it would seem that but one of them is a "Dorr democrat" The Providence Journal says—"It is rather a singular fact that out of the four members, three were "Algerines in 1842 and helped to 'shoot down' the people, and all that sort of thing'

HON EDWARD EVERETT —The *Newark* (N J) *Advertiser*, in a complimentary, notice of the speech of the Hon Edward Everett on the Central America question, says:

"It is no more than right to add, that the Secretaryship of Mr Everett is the most remarkable in our history for its brilliant brevity There is no instance, perhaps when such a variety of business of the very greatest importance, was so ably and successfully transacted His short term was absolutely crowded with distinguished acts, that would have been wholly impossible to a mind less amply furnished with regard to our foreign relations, than that of the late Secretary

Another Revolutionary Soldier Gone— Died in Tewksbury, on the 4th inst, Mr Elijah Worcester, a Revolutionary soldier and pensioner, aged 90 years, 3 months and 12 days.—Thus has fallen asleep another of the small remnant of the men who were actively engaged in the glorious struggle that terminated in our Independence Mr Worcester served one year of enlistment in the war, when he settled down upon the paternal farm, where he has ever since resided.

He has lived a long, industrious and useful life, and, at last, has been gathered to his fathers, in a good old age, leaving numerous descendants, who reverently cherish his memory.

THE GIFT OF MONEY TO MRS. STOWE, IN ENGLAND —We hope, for the credit of the country, not less than for her own self respect, that Mrs. Stowe has not received gratuities, in money, from Englishmen. It cannot be that a lady whose position places her above such temptations, would thus compromise that position. The $750 gift at Liverpool, will, we are persuaded, be explained. Mrs. Stowe cannot have gone abroad for alms.—Albany Journal.

The expectation of future happiness is the best relief of anxious thoughts, the most perfect cure of melancholy, the guide of life and the comfort of death,

INGENIOUS DEVICE OF BELGIAN SMUGGLERS The French Custom House officers, stationed at Walters, have just made an important seizure A cart drawn by four horses, and apparently laden with coal, came from the Belgian frontier and drew up at the Custom House to be examined and obtain the usual pass. One of the officers, in verifying the contents of the cart, put his hands on what he thought to be an enormous block of coal, and to his great surprise found that he could lift it without difficulty This led to a minute examination, when what appeared to be large masses of that combustible, turned out to be boxes ingeniously coated over with coal, which was attached to them by cement. The cart in this way contained about 2000 kilogrammes of tobacco, and several thousand excellent segars The cart and horses were also seized.—*French Paper*

METEOR A brilliant meteor was seen in Washington on Saturday evening last Originating near Arcturus, it passed just west of Benetnasch, (*ursa major*,) and disappeared at the same elevation above the horizon, but about ten degrees west of the pole star The light was quite equal to that of the brightest rockets, illuminating every object almost as vividly The same meteor was seen in Newark, N J, and is described as being apparently of a highly concentrated nebulous character The intensity of its light was so great that shadows were cast by opaque objects, quite as strong as though made by moonlight.

The editors of the *Lowell Courier* and the *Nashua Telegraph* are penning their lucubrations with genuine eagle s quills brought from California. The *Courier* man says his is "two feet long, and the barrel an inch round, while he of the *Telegraph* boasts that his is "an inch and a quarter in circumference, and its length in proportion Such mighty quills as these of course, could not be used except in penning lofty flights of fancy We shall stick to the "old grey goose —Boston Journal,

DR. MORSE'S INVIGORATING CORDIAL!

FOR GENITAL DEBILITY, IMPOTENCY, INCONTINANCE, OR NOCTURNAL EMISSIONS, &c This astonishing success which has attended this invaluable medicine, for *Loss of Muscular Energy, Physical Lassitude*, and *General Prostration*, or any of the consequences of youthful indiscretion, or indulgence of the passion in riper years, renders it the most valuable preparation ever discovered. In fact as a remedy for the above complaints it stands unrivalled and alone. There is no other reliable remedy, or any that has authentically received the sanction of the Medical Faculty The WONDERFUL VEGETABLE PRODUCTION of which this medicine is composed has been tested and its virtues proclaimed by the highest names of the faculty of London, Paris, and the chief cities of Europe, as well as by eminent Physicians in this country It is the only infallible remedy for NERVOUS, HEAD and MIND COMPLAINTS—the mental physic so long sought for and never before found, the only agent that can administer to MIND DISEASES, It will remove all nervous affections, DEPRESSION EXCITEMENT, incapacity to study or business, loss of MEMORY CONFUSION, thoughts of Self Destruction, fear of Insanity, &c. It will restore the appetite, renew the health of those who have destroyed it by Sensual Excesses, or evil practices It has been said by some that these disorders, emissions &c., were incurable This however is not the fact

DR. MORSE'S INVIGORATING CORDIAL, has, and is, constantly curing those complaints relieving the mental and bodily incapacity of the unfortunate sufferer, as the following testimony of the names received will conclusively show

Dr Woodward of the Massachusetts Insane Hospital, writes of one of his patients being cured by using this cordial, thus — It gives me pleasure to inform you that one of my patients while in Boston, procured some of your Cordial. He tells me that he has not had a single emission since he commenced taking it, while before he had two or three a week. When he applied to me, says Dr W, "I thought it hardly possible for him ever to regain his full strength I prescribed the usual medicine used in those cases in the hospital, but they had no effect In the meantime he purchased some of your Cordial which has affected a cure I am sure no other medicine would I shall ever recommend whenever an opportunity occurs"

The nature of the maladies relieved by this Cordial are generally such as to leave the publication of certificates of course out of the question, and the proprietor could produce a host of the most conclusive testimony to show that the great reputation it enjoys was not accidentally obtained, but is firmly based upon its positive and apparently miraculous virtues In all directions are to be found the happy parents of healthy offsprings, who would not have been so but for this extraordinary preparation And it is equally potent for many diseases for which it is recommended

THE MEDICAL JOURNALS

have not in a single instance that has been authenticated, given their sanction to any other preparation for the above complaints It has, in many violent and desperate cases, effected radical cures, after patients had been abandoned, and their condition pronounced hopeless by medical practitioners of high professional character

THE COMMON EXPRESSION

Of those who have used this Extract is— I had heard of your Cordial highly spoken of, but was one of the incredulous in regard to its merits having tried various medicines sold for the same purpose, (different Sarsaparillas) without deriving any benefit I had almost given up all hope of obtaining relief, when I purchased some of your Cordial I had no faith whatever of its benefiting me—but it has I feel stronger have had no emissions since, although it is not three weeks I am satisfied the half a dozen bottles I took will cure me

Another says—"I had consulted several distinguished physicians. Some said I could not be cured others prescribed this thing and that but I found no relief until I procured some of your Cordial I must say it completely cured me "

Another says—"I was surprised at the effect your Cordial had Why had I not heard of it before? It would have saved me so much expense, besides years of mental and bodily suffering

CAUTION—Ask for Dr Morse's Cordial and take no other, as there are worthless imitations which its unrivalled excellence fame and popularity have brought into the market It will not hurt the most delicate Female but do good B ware of all other Cordials, &c (and try only this)

Self Acquired Fame!

DR. JOHNSON'S

AMERICAN ANODYNE LINIMENT.

For Internal and External Use.

THIS wonderful Medicine, notwithstanding it has never had the advantage of newspaper publicity, has yet acquired a higher and more extended popularity than any other similar compound in the world It is entirely of vegetable extract, perfectly safe to be administered even to the most delicate child and alike astonishing and satisfactory in its effects upon man or beast To those unacquainted with this invaluable medicine we say, Give it a fair trial, and we promise you a radical cure of Coughs Colds, Asthma, Bronchitis Whooping Cough, Influenza, Spitting of Blood, and all Lung Complaints, Chronic Diarrhœa, and Dysentery in all of which cases it should be used internally The effects of its external application in cases of Rheumatism, Spinal Diseases Sprains Chapped Hands, Bruises Burns and all descriptions of wounds are magical Persons troubled with Cramp in the Stomach, Side or Bowels, Sore Throat Piles &c, by a combined internal and external application of this Anodyne, cannot fail of certain and speedy cure. The proprietor can produce volumes of testimonials in its favor, but prefers to let it carry its own recommendations as it has done for forty years past We ask no man to use it after an unsatisfactory trial In its composition it unites several of the most penetrating and healing specifics known to the materia medica — The inventor of this article was in the constant and successful practice of medicine for more than twenty years

This is to certify that having been troubled for a number of years with a distressing cough, and bleeding at the lungs and receiving no benefit from medical aid, in 1848 I was to all appearance in the last stage of consumption My legs swelled so that I was unable to stand or help myself At that time your Liniment was providentially recommended to me and by the use of three or four bottles I was entirely cured, and have since been able to labor every day I have also for the last twenty years been subject to severe attacks of bloody dysentery, and never found any permanent relief until I took your Liniment, since which I have had no return of this complaint I can truly say I think your Anodyne Liniment was the means of saving my life JOHN J ATKINS

Brewer, Sept 29, 1852

Dr Johnson Dear Sir—In consequence of having a fever sore on my leg, it became entirely stiff at the knee, and it was decided by the best surgeons that my leg must be amputated—but fortunately I heard of your Anodyne Liniment, and by using three bottles my leg was limbered and strengthened, and for a number of years I have been able to use it about as well as the other I consider myself indebted to the use of your Liniment, through the blessing of Providence, for the use of my leg, and would say to others who may need help in this way, try it, and no doubt you will be cured
